Make Line Drawings & Repeat Patterns in your own home -made notebooks using scrap paper. Visual Art Online Workshop with Laura Ní Fhlaibhín.

### **Junior Classrooms**

<https://crawfordartgallery.ie/talking-pictures-week-24-leaf/>

(\*some adult participation / help may be required) Look at the artist Kathy Prendergast's work shown in the Crawford art gallery in Cork. Take a walk and gather some leaves then follow the worksheet to make leaf rubbings and leaf people.

### **DRAWING OF THE DAY**

Can you see how this artist has made their drawing? Using a single mark (a short black line) on a large piece of paper or card, cut into the shape of a circle, repeating the same mark over and over to create a pattern. Would you like to try? Maybe other people in you house could help once you explain the rules of the drawing? What shape paper will you choose? What kind of mark will and what colour will you choose? How long will it take?!
